

QUICK SPECS

Weight	21,550 lbs
Horsepower	72 HP
Max Dig Depth	15' 9"

King of the 10-ton class in a nimble package.

ultra-tight tail mini excavator and comes with emissions control combined with fuel efficiency. The SV100-2A comes standard with 2nd PTO and is packed with several convenient functions and features to provide operator comfort, ease of operation and easy maintenance. Plus, YANMAR's unique SmartAssist Remote gives you peace of mind with theft prevention, maintenance management and operational status management tools, as well as other remote monitoring services.

INNOVATIVE FEATURES

YANMAR's Patented Hydraulic Quick Coupler

The standard hydraulic Quick Coupler makes changing buckets fast and easy. With the exception of fitting and removing the safety lock pin, the entire operation is performed electronically while you're seated in the comfort of the cab. Less hassle. Less downtime. More productivity.

Everything Right At Your Fingertips

The SV100-2A comes standard with ECO Mode, Auto-Decel Mode, lever-controlled backfill blade and 2-speed operation incorporated right into the operator's station. Plus you get an innovative LCD monitor, showing key operating information and maintenance notification intervals.

A Cab Almost As Comfortable As Your Living Room

The spacious SV100-2A cab is designed for ample elbow and leg room. The powerful standard equipment heating and air conditioning system means you can work comfortably year round. And the innovative ROPS/FOPS systems mean you never have to sacrifice comfort for safety.
