

## Skid Steer Snow Pusher - 10 Foot

**Buyers Part Number:** 2603110

**Combines the unyielding efficiency of a large containment plow with the maneuverability of a skid steer.**

- Universal quick coupler works with any skid steer.
- Strong, reliable construction features dual 4 in. channels.
- Abrasion-resistant wear shoes made of AR400 steel.
- Durable 7 Ga rolled steel moldboard.
- Premium grade rubber compound cutting edge.
- Durable Tuff-Kote™ powder coat protects your pusher for years to come.
- Pull snow away from buildings, docks, and other tight places with the optional back drag kit.
- Included high-visibility blade guides.
