

HONDA

THE NEXT GENERATION
Honda Lawn Mowers

Legendary Performance. Battery Powered.

Honda Battery-Powered Lawn Mowers

Superior performance, cut quality, and service.

Superior Performance

Meet the innovative lineup of Honda residential and commercial battery-powered lawn mowers.

These mowers deliver the power and torque you expect from Honda with the convenience of rechargeable batteries. The motor's high torque maintains consistent RPM needed to power through thick or tall grass and handle demanding workloads, while helping to provide a clean, even cut.

Honda's drive systems offer rapid response and intuitive, adjustable speed control so you and your mower are always in sync.

Step up to battery-powered mowing with no compromises!

Superior Cut Quality

Honda lawn mowers provide a great looking lawn, every mow.

All models feature Honda's MicroCut® Twin Blade System. The MicroCut® System uses stacked and offset twin blades, providing four cutting surfaces. This creates ultra fine clippings for superior mulching and more clippings per bag.

Honda battery-powered mowers feature the same high performance cutting deck designs that have made Honda a leader in lawn care. Honda decks are designed for optimal air flow, less clogging, and increased grass lift for a precise cut.

Honda's deck designs paired with MicroCut® result in superior cut quality, less time emptying the bag, and less work for you.

Superior Service

At Honda, we believe a great product is not enough. So, we offer great service, too!

All Honda battery-powered lawn mowers are supported by a nationwide network of Honda servicing dealers. Our battery-powered mowers are engineered and built with serviceable components to help increase mower lifespan.

Honda lawn mowers are designed with the same durability, quality, and reliability that you've come to expect from Honda. Plus, they're covered by Honda residential and commercial limited warranties.*

Why wait? Rediscover the joy of mowing today and choose the Honda battery-powered lawn mower that's right for you!

Honda lawn mowers come standard with 8 Ah or 12 Ah batteries.** Get the most out of mowing with optional additional batteries for quick and easy battery swap outs.

HONDA

*For Honda Power Equipment warranty information, please visit powerequipment.honda.com/support/warranty. **HRN-BV and HRX-BV models come standard with one 8 Ah battery, HRX-BE and HRC-BE models come standard with one 12 Ah battery.

HRN-BV BATTERY RESIDENTIAL LAWN MOWER

- **Single Battery Bay**
One 8 Ah battery and 2 A charger included.
Optional 12 Ah battery and 8 A Rapid Charger available.
- **Smart Drive**
Intuitive, variable speed control while mowing.
- **3-in-1 System with Clip Director®**
Mulch, bag, or rear discharge with no tools or attachments.
- **Dual-Lever Height Adjustment**
Convenient dual-axle control.
- **Rugged Steel Deck**
Heavy duty 21" deck ensures years of durability.

HRX-BV BATTERY RESIDENTIAL LAWN MOWER

- **Single Battery Bay**
One 8 Ah battery and 2 A charger included.
Optional 12 Ah battery and 8 A Rapid Charger available.
- **Honda Select Drive®**
Easily adjust the mower's speed to your stride by rotating the speed adjust dial. Then engage the Honda Select Drive® control for intuitive, comfortable speed control.
- **4-in-1 Versamow System with Clip Director®**
Mulch, bag, rear discharge, or leaf shred with no tools or attachments.
- **Exclusive NeXite® Deck**
Maximum durability and impact resistance. Will not rust, dent, or corrode.
- **Dual-Lever Height Adjustment**
Convenient dual-axle control.

HRX-BE DUAL BATTERY BAY RESIDENTIAL LAWN MOWER

- **Dual Battery Bay**
One 12 Ah battery and 2 A charger included.
Optional second 8 Ah or 12 Ah battery, and 8 A Rapid Charger available.
- **Honda e-Select Drive™**
Electric transmission with precise speed control. Easily increase or decrease your speed with the touch of a button.
- **4-in-1 Versamow System with Clip Director®**
Mulch, bag, rear discharge, or leaf shred with no tools or attachments.
- **Roto-Stop® Blade Brake System**
Transport the mower without engaged blades.
- **Exclusive NeXite® Deck**
Maximum durability and impact resistance. Will not rust, dent, or corrode.
- **Dual-Lever Height Adjustment**
Convenient dual-axle control.

HRC-BE DUAL BATTERY BAY COMMERCIAL LAWN MOWER

- **Dual Battery Bay**
One 12 Ah battery and 2 A charger included.
Optional second 8 Ah or 12 Ah battery, and 8 A Rapid Charger available.
- **Electronic Cruise Control**
High durability, commercial-grade electric transmission. Precise speed control that's adjustable with a convenient lever.
- **Roto-Stop® Blade Brake System**
Transport the mower without engaged blades.
- **21" Heavy Duty Steel Deck**
Rugged and built to last with side deck guards for increased durability. Front bumper provides deck protection and a convenient tie-down location.
- **Large 9" Wheels**
Strong, lightweight, and easy to replace. Precision sealed ball bearings in all four wheels increase durability and performance.
